IMPORTANT INFORMATION

Can I please raise your awareness to our new automated response to your emails that you will all receive after each email sent to the school office email. This will confirm that your email has been received safely. The office inbox is monitored daily during term time.

Can I please clarify that, where it states that we will endeavour to deal with your enquiry within two working days during term time, we will still, of course continue to ensure that anything that is clearly a priority for any staff to know, will be forwarded and dealt with as per our practise now. Please allow us time to respond to these queries and get back to you as we always will. You will only receive the automated response and not a personal response for any low-level messages i.e. regarding collection arrangements, absences and basic information for teachers.

Resilient, Respectful, Resourceful
