

October 2025

Dear Parents and Carers,

Thank you for sharing your views through the parent survey with us last year—they were incredibly valuable in shaping how we support your children and yourselves in our schools.

**You said, we did:**

- **60% of respondents to the SEND survey said they were unsure about the Local Offer:**  
We have resent information about the Local Offer through our school newsletters, and links are now easily accessible on all of our school websites.
- **25% of you said you were unclear about the support your child receives in school:**  
In response, our SENCo teams and schools have reviewed and are continuing to update our communication processes to ensure you receive clearer and more detailed information about the support your child receives.
- **58 parents said they felt there wasn't a wide range of support available in school:**  
We have taken this feedback seriously. Across our schools, we've been working to strengthen and broaden our support systems, including enhancements in sensory provision, speech and language services, and in class support for all children.

As we continue to improve, I would once again like to hear your thoughts on the provision your child is receiving and what more you would like to see in our schools.

Please take a few minutes to complete this short, five-minute survey. Your feedback is essential in helping us focus on the right areas to ensure the best outcomes for your child—academically, socially, and in their overall school experience.

Thank you for taking the time to complete this survey.

Kind regards

Mrs Vicki Maher

Strategic Lead for SEND and Inclusion
