Dear parents/carers,

Tuesday 3rd March 2026

Last year, many children from Wickham Common entered a summer gardening competition organized by the London Children's Flower Society. All the children who grew their seeds and brought them in for judging received a gold sticker and certificate. The school also won a special award which was presented by Alan Titchmarsh at the Guildhall in London. The school will be purchasing packets of seeds again this year which will then be distributed to children who wish to enter. Children will then be given the opportunity to grow seeds at home. You will need to express an interest by Friday, 6th March.

The summer gardening competition allows children to grow flowers, herbs and vegetables from seeds. Children have the opportunity to follow the natural process of germination, growth and production of a flower or vegetable crop. Children can grow plants in individual pots or window boxes. Judging takes place in late June and early July and children will be awarded certificates and stickers for their entries

Wickham Common will be purchasing the following seeds:

Nasturtium – Jewel mixed

Alyssum – Snow Cloth

Sunflower – Giant

Runner Beans

Tomato

Courgette

Collection of bee and butterfly plants

Collection of vegetable seeds

Collection of herbs

If your child would like to take part in this competition, please complete the Microsoft form you can access [here](#) by Friday, 6th March.

Yours sincerely,

Rebecca Williams

Headteacher
