Tuesday 21st July is the last day of primary school for our Year 6 cohort! Could we please request that no confetti cannons, party poppers or silly string and similar items are used as the children walk down the steps. This is for a number of reasons, the main ones being:

- the contents of these items are generally not environmentally friendly; even those that claim to be biodegradable still take a number of months, if not years, to break down.
- neighbours of the school have complained about the mess that reaches their properties, as well as the mess left on the streets outside the school.

Please do not hesitate to contact us if you have any further questions.

Thank you, once again, for your continued support,

The Year 6 Team
